

IT IS TO BE "short horse soon carried" with this session of the Legislature, and it is probable that some important measures will be overlooked. The matter of inducing immigration from the United States is one that should have the attention of the members without much delay. The more people that are here permanently the better will be the business of every store keeper on the islands.

A good farmer is worth something to the store keeper who sells honest goods at low prices, that's us. We are offering ribbons all widths at prices that actually make us ashamed to tell you what they are. The coats of our rivals turn green with envy when they hear of them. We have them in every conceivable shade.

Our stock of underwear has never been equalled, much less excelled in either quality or price. It is absolutely the best at what you pay for a second or third class article. It was only by chance that we secured the stock of a well known dealer in San Francisco, (overstocked was his excuse for disposing of it), and as we got them far below the market value we are enabled to give you the benefit of our good luck. They're going rapidly, these suits, and you must speak quick if you want them.

If you are thinking about getting a riding or bicycle suit you had better look into our ladies, cloth and serges. The quality is right and so is the price. All shades and desirable widths.

### TWENTIETH DAY.

#### Proceedings at Monday Afternoon's Session of the House.

In the House of Representatives yesterday afternoon the following joint resolution was received from the Senate and referred to the public lands committee:

"Be it resolved by the Senate and House of Representatives of the Republic of Hawaii that the President of the Republic be requested to appoint a commission to consist of three civil engineers to inquire into and report with all convenient dispatch to the Legislature of the Republic of Hawaii as to the feasibility of making a new road over the Nuuanu pali, and its probable cost."

On motion of Mr. Pali, section 42 of the Electric Railway bill was reconsidered, for the purpose of restoring the provision for exemption from taxation.

Mr. Winston moved the term of exemption be two years.

Mr. Rycroft opposed the concession, saying it would cut only a small figure with a rich corporation.

Mr. Robertson supported a motion by Mr. Pali for four years' exemption. The railway would cause the building of houses, and the Government would get more than it gave.

Mr. Kamaoaha favored exempting one-fifth of the capital stock.

Mr. McBryde supported exemption for two years.

On vote the term was fixed at two years. Third reading of the bill was set for Thursday.

The alcohol bill passed second reading, to be read a third time on Thursday.

Mr. Robertson's bill to prohibit the sale of goods by traveling agents, outside of the district in which the firms employing them were licensed, came up for second reading.

Mr. Richards opposed the bill as one to throw the entire country wholesale trade into the hands of two or three firms, shutting out the smaller firms that had established connections in the outer districts.

Mr. Robertson replied that the intention was to put an end to the pernicious business of drumming. It had been drawn at the request of small merchants. The big firms were now selling contrary to law. If \$500 was not high enough for a license fee, let it be placed at \$1000.

Mr. Richards, as one who was conducting a small country business, opposed the bill because it would give a few houses in Honolulu a cinch on the traveling trade. These houses could well afford to pay \$5000 to secure the exclusive right.

Mr. Robertson said that if the bill would not effect its intention, he did not desire its passage.

On motion of Mr. Hanana the bill was indefinitely postponed. Several bills were referred to appropriate standing committees, and at 3:25 the House adjourned.

The Hawaiian Hardware Company expects a big lot of Monarch bicycles on the Australia next Monday.
